

A close-up, high-angle shot of a dark-stained wooden dining table. The table's surface is highly reflective, showing a clear reflection of a decorative bowl. The bowl, positioned in the upper left, is dark and contains several spherical wicker balls. The table's edge is finished with a multi-layered, decorative band that creates a textured, layered effect. The lighting is dramatic, highlighting the grain of the wood and the sheen of the finish.

Signature

 LEDA

Signature

Identify a dining environment as your own distinct impression with Signature. A modern case good collection that marks your unique personal sense of style.

Constructed of environmentally sensitive materials, Signature features Ebony veneers, exotic Walnut Burl veneers and select solids.

The veneer and woods used in the manufacturing of Signature are from companies who practice sustainable forest management, which includes selective harvesting and aggressive reforestation.

Our eco-friendly line of veneers are imported from Italy and have "SGS Certification" confirming that the trees are from Italian Agricultural Plantations. The unique engineering process on these veneers creates a near blemish-free veneer with vibrant grain and colour detailing.

give yourself the luxury furniture you deserve

#41-180 Display Curio

Signature

Statement of Quality

Leda has manufactured furniture since the late 1960's, utilizing state of the art technology, skills and craftsmanship. Each piece is made to exacting standards and of the highest quality materials available. All pieces are inspected at numerous intervals during the manufacturing process, including a final inspection prior to packaging.

Despite our best efforts some imperfections may occur once the furniture has had time to settle after the manufacturing process.

Leda Furniture selects glass and mirrors of the highest quality to complement the furniture. However the very best glass and mirrors may have certain characteristics that are inherent in the glass making process, these include faint scratches, air bubbles and pitted areas. These minor allowable marks do not detract from the beauty and integrity of the product.

Leda Furniture Ltd stands behind its product in regard to manufacturing related issues (materials, workmanship) for a period of one year from date of shipment from our factory.

Caring for Signature:

Wood Finish:

Leda finishes are resistant to most everyday hazards, however some precautions are necessary to maintain the beauty of your furniture.

- dust regularly with a soft clean cloth, slightly moistened with water, dry completely with a separate dry cloth, always rubbing with the grain pattern
- avoid contact with harsh solvents, i.e.: hot dishes, nail polish, alcohol and moisture.
- clean spills immediately
- use pads when displaying accessories and heated items on table and cabinet
- do not place furniture tops near heating outlets, windows or direct sunlight

Decorative Hardware:

- clean with a soft damp cloth.
- avoid using harsh detergents or polish on the hardware.

These practices will help your Leda Furniture maintain its beauty and elegance for years to come.

Note to Retailers:

All furniture photographed are available to qualified Leda Furniture retailers. Possession of this catalog does not necessarily constitute authority to purchase, nor does the furnishing of this catalog constitute an offer by Leda to sell any or all of the items contained herein.
